These are desirable fabrics, and many are in lengths suitable for school dresses; also for waists and skirts. A fine opportunity to pick up a bargain, as prices are marked very, very low for to-day's sale.

Miller & Rhoads

POLICE ARREST FOUR AS FUGITIVES FROM JUSTICE

A. A. Mison and Sudie Taylor Are Charged With Robbing Petersburg Man.

OLD ALLEGED MURDERER
Henry Johnson, alias Mack Dennis, colored, is said to be wanted in Washington City for killing Luke French--Will Be Taken Back.

Local police made a record for the arrest of fugitives from justice from other cities yesterday, four persons being taken into custody on these charges. Among this number was one woman, and a negro charged with murder.

Detective Wily and Policeman Bertucci located Sudie Taylor and R. A. Mison in the house at 1425 East Main Street, early yesterday morning, and arrested them on a charge of robbing a Petersburg man of \$125. The man had about \$50 on his person when arrested. Mison claims that his home is in Chicago, while the woman claims to be a native of Raleigh, N. C. It is charged that they stole the money from a man while the three of them were riding in an automobile in Petersburg. Wednesday, Chief of Police Ragland sent for the pair yesterday afternoon and they were returned to Petersburg to stand trial.

OLD ALLEGED MURDERER
FOR WASHINGTON POLICE
Henry Johnson, alias Mack Dennis, colored, was arrested by Policemen Mison and Witzgall on a charge of murdering Luke French in Washington on August 16. The negro was thought to have gone to the farm of relatives in Amelia County, but it was learned later yesterday that he was a negro from Amelia who knew the man came to this city and pointed him out to the officers. There was a reward of \$50 for his arrest. The man will be taken back to Washington to stand trial.

George K. Buck, of Charlotte, N. C., was arrested as an alleged fugitive from justice. Detective Wily and Kellam arrested him on a charge of obtaining \$10 under false pretenses from a man in Charlotte. Buck telegraphed the money to Charlotte yesterday after his arrest, but a telegram from Captain McMahon received after the money had been forwarded asked that Buck be held until another could be sent for him.

FIRE AT ROUNTREE'S

Patrons in Engine Room Burn, Causing Light Damage.

A fire, originating in some unexplained manner among the rafters of the four-story Tangle factory, burned for nearly half an hour last night, causing damage estimated at several hundred dollars. A watchman in the building discovered the blaze and called to Policemen Campbell and Kellam, who turned in the alarm, bringing several companies of apparatus to the scene.

It was necessary to use only one stream of water to extinguish the fire, which rafters are included above and below by sheets of tin, and it is not known how they were ignited, unless from spontaneous combustion. The alarm created considerable excitement for a time, as it was turned in from the private box in the factory.

Webb Held for Grand Jury

Ernest Webb, alias Ernest Brown, colored, was sent on to the grand jury from the Police Court yesterday after being given a hearing on the charge of throwing rocks at a street car on the Seventeenth Street line several nights ago. One of the rocks struck William Cary, inflicting a deep wound in his arm.

Threw Green Melon at His Son's Head

Father Clark, Colored, Was Picked Because It Was Plucked Unripe.

The love of Joshua Clark, colored, for watermelon, and his mistake in pulling a green one are the primary causes for his being arrested yesterday by Policemen John F. Shomaker, of Henrico, and placed in the Henrico County Jail, charged with assaulting his father.

The elder Clark has a watermelon patch which was nearly washed away during the recent downpour of rain, leaving him only a few vines to furnish him with his favorite fruit. These he nurtured carefully, taking satisfaction in seeing them grow and bear many watermelons.

Yesterday Joshua could stand the rain no longer, and pulled one of the precious melons. Instead of taking it to the woods and eating it in secret, as is generally the course pursued in cases of this kind, he carried it to the house to divide with his father. Thoughts of the fear, curbed by the old man's wrath, but when the melon was cut it turned out to be green, whereupon the elder Clark took it and threw it at the head of his son. The son retaliated by knocking his father down. That accounts for Joshua's being in jail.

HELD FOR GRAND JURY

Magnus Jenkins Must Answer for Strangling to Death Albert Clay.

Magnus Jenkins, the negro who last Monday night fatally cut Albert Clay, another negro, at Woodville, just outside of the city limits, was given a preliminary hearing yesterday morning before Magistrate H. S. Sunday, and sent on to the grand jury of the Henrico Circuit Court at the October term. Jenkins was remanded to jail without bail.

According to the evidence adduced at the hearing, Jenkins was sitting on a porch talking to a negro girl when Clay came up and joined the party. Soon afterwards the two men began to quarrel over a woman, and Jenkins pulled out his knife and stabbed his victim in the side, severing a blood vessel under the left arm. Clay was rushed to the Virginia Hospital, but died within a few minutes after reaching there. The arrest was made by Chief of Police T. Wilson Seay.

SOUTH NOT TREATED

Government Guide Book Deals Only With Beauties of the West.

In the editions of the guide book, issued by the United States Geological Survey, in support of the "See America First" movement, only the beauties of the Western scenery and points of interest are dealt with. Transportation men in the South have taken the matter up with the officials of the survey and learned that it was not intended to discriminate against the South, but that when the idea was advanced the extent of the population was not anticipated.

No assurances were given that a volume dealing with the South would be issued. The suggestion has been made that Southern Senators and members of Congress use their influence to see that the survey give recognition to this section of the country.

Goes After William Green

Policemen Verne and Krenzel will leave for Charlottesville, Va., this afternoon to bring William Green, colored, back to Richmond to stand trial on a charge of forcing the name of William Miller, of Miller's Hotel, to be changed for \$25. The negro was arrested in Charlottesville several days ago.

ORDERS GAS MAIN SURVEY OF NORTHERN TERRITORY

Board Takes Steps to Supply Section Now Served at Higher Price.

COMPANY'S RATE IS \$1.10
Introduction of City Service Will Meet Complaint of Residents Who Want Product Supplied at Price Charged by City Plant.

The Administrative Board yesterday adopted a resolution looking to the installation of gas mains in the recently annexed territory to the north of the city proper.

A resolution requests Forestry & Robinson, gas engineers, to prepare for the board a plan or layout for the installation of proper low-pressure gas mains to supply that section of the city known as Ginter Park, Highland Park, Barton Heights, North Richmond and the adjacent territory within the city limits.

The engineers are requested to avoid all paved streets as far as possible in their plans, and to adopt for the main lines the division lines between lots in the rear. This is especially for the benefit of Ginter Park. Ordinarily there are alleys between two streets, but in this section there are no alleys and the plan of the board is to install these pipes on the dividing line between the property.

The board also requested an alternate plan for a low-pressure system to supply this section of the city, utilizing the present mains of the Henrico County Gas Company.

RESIDENTS DEMAND

REVISION OF CITY RATE

Considerable complaint has reached the board from residents in the newly annexed northern sections, who are now supplied by the Henrico County Gas Company at the rate of \$1.10 per 1,000 cubic feet. Having been made citizens of Richmond by annexation, and subjected to the city tax rate, they object to the present situation which requires them to pay \$1.10 for a commodity supplied to other citizens by the municipal plant for 50 cents.

With the reduction of the city rate to 50 cents, promised for an early date, the dissatisfaction in the northern section of the city is expected to become still more acute. In authorizing a survey of the territory with a view of introducing city gas mains, the board yesterday took the first step toward correcting the discrimination complained of.

The Henrico County Gas Company, which is a subsidiary of the Southern Gas and Electric Corporation, whose offer to lease the municipal plant was recently rejected by the Council, operates under a franchise granted by the county several years before annexation. No negotiations have as yet been undertaken looking to the acquisition of the private plant and distribution system by the city, which will have to precede the use of the company's mains by the municipal plant.

ASKS EXPLANATION FOR RE-EMPLOYING ATKINSON

City Engineer Requested by Board to Report on Employee Formerly Criticized.

H. S. Atkinson, an inspector of sewers, applied to the Administrative Board yesterday for reinstatement, following his suspension several days ago for having his wages garnished. He attempted to explain the cause of the garnishment. A sharp tilt ensued between him, the latter stating that the board could not reopen this matter, since the ordinance under which the suspension was ordered left it no other course. This tilt, introduced a resolution requesting the City Engineer to report why he had re-employed Atkinson in view of the report of an investigating committee of the Council Committee on Streets, which was introduced by Commissioner Hirschberg. The board yesterday afternoon, following the report of the committee, reported: "The inspector, H. S. Atkinson, did not properly inspect the work, nor did he seem to realize the importance of careful inspection of this class of sewer construction. It must be some body's business."

"Other States have maintained their game and fish supply, and in many cases, by proper laws and their enforcement, have greatly increased it. All this time Virginia, with her wonderful natural gifts in this respect, has seen her supply grow less and less each year."

"The interest of the farmer in protection, at this time, is most encouraging. He is the power, and can get his wishes respected in the Legislature, and it is only natural that he should wish his game protected, for in the last analysis, he gets the great benefit."

ROBB H. CONWAY DIES OF CARBOLIC POISONING

Body With Flask Containing Small Quantity of Acid Found by Negro.

The dead body of Robb H. Conway, a teamster, thirty-eight years old, was found early yesterday morning in his room at 101 South Allen Avenue by a negro employed by the premises. Death had been caused by carbolic acid, a small portion remaining in the half-pint whisky bottle from which Conway had evidently drunk it. The man had been drinking for some days, according to the information secured by Detective Sergeant Wily, and it is thought he drank the acid by mistake.

Conway was found lying across his bed on his back. He wore only his shirt and trousers when found. In his pockets the detective found 15 cents. He was last seen alive Wednesday night, when neighbors saw him in the back yard of his house.

The man is married by his wife, from whom he has been separated for some time; his mother, a brother and two sisters.

Funeral services will be conducted from the home of one of his sisters, Mrs. M. C. McDonough, 325 West Main Street, this afternoon at 4 o'clock. Interment will be in Riverview.

SECURES REQUISITION

Nelson County Officer Gets Order for Man Held in Salisbury, N. C.

J. J. Slate, a former resident of Nelson County, who disappeared some time ago, has been indicted by the grand jury for obtaining goods from a merchant in the county for which he gave in payment a check on a Lynchburg bank where he had no account.

On complaint of the Nelson County authorities, who traced Slate to Salisbury, N. C., he was arrested in that town, where he is now held as a fugitive from justice. Sheriff W. H. Wheeler, of Nelson, yesterday obtained a requisition on the Governor of North Carolina for Slate, and will bring him back to Nelson to face the charge against him.

Charged With Stealing \$7.

The case against Great Cargene Wharton, alias Rex Griffin, charged with stealing \$7 from the person of Thomas Doherty some time ago, was sent on to the grand jury by Justice Crutchfield yesterday.

GRANTS WRIT IN SUIT AGAINST PENNSYLVANIA

Supreme Court Will Review \$15,000 Damage Award to C. W. Jenkins.

BROUGHT SUIT FOR \$25,000
Richmond Employee of Locomotive Works Demanded Heavy Damages From Railroad Company for Injuries Received Near Johnstown.

The case of C. W. Jenkins vs. the Pennsylvania Railroad Company, appealed by the defendant corporation from the Hustings Court of Richmond, Part II, where Jenkins was awarded judgment for \$15,000, will be reviewed by the Supreme Court of Appeals. A writ of error and supersedeas were awarded yesterday.

Jenkins was an employee of the American Locomotive Works. He was sent from Richmond to deliver two locomotives to the Chicago, Rock Island and Pacific Railway, at Chicago, in May, 1913. The two "dead" engines were attached to a freight train. Near Johnstown, Pa., Jenkins noticed that one of the engines had very hot journals, and he thought the motive should be sidetracked. He stopped the train and was examining the condition of the engine that was to deliver the locomotive, he stepped backward and was struck by a passing passenger train, receiving serious injuries. He sued to recover \$25,000 damages.

APPEAL GRANTED IN

GRACE H. SCHMELZ SUIT

Appeal and supersedeas were awarded on the petition of John Garland Pollard, surviving administrator of the estate of George H. Schmeltz, deceased, vs. Angle S. Lake and others. This case comes from the Circuit Court of Elizabeth City County. The appeal is from a decree ordering the Attorney-General, as surviving administrator of the Hampton banker's estate, to pay to Ames and John McMenamin, and Mrs. Mary McMenamin, she deceased, \$475 to satisfy certain claims against a settlement of the estate. The original suit was filed against Angle S. Lake by the administrators of Schmeltz in 1911, and is still pending.

COURT WILL REVIEW

REAL ESTATE DISPUTE

The court awarded a writ of error and supersedeas in the case of J. G. Hiden, trustee for D. C. Priddy vs. O. S. Adams, which comes from the Circuit Court of Louisa County. The original suit grew out of a real estate transaction, the object being to recover from Mehanes the value of a lot of timber cut from the tract of land sold.

The petition in the case of Glenn Mottley vs. J. E. Thackston's administrator, from the Circuit Court of Halifax County, was rejected. The original suit was brought to subject a tract of land owned by Thackston to the payment of certain judgments, the plaintiff had obtained against him.

VOTES TO GIVE SUPPORT TO FARMERS' GAME BILL

Virginia Game and Fish Protective Association Strikes Blow for Reform.

The executive committee of the Virginia Game and Fish Protective Association yesterday voted to support the Farmers' Game bill, which will be introduced at the next session of the Legislature.

The interest of the Farmers' Union in game protection is the most encouraging sign that has appeared in Virginia for years," said William Todd, president of the association, yesterday, speaking of the bill. "Not only has the game committee of the Legislature been introduced, but in a wise and intelligent way they have produced a bill to create a game commissioner, which should appeal to every one."

The request for an appropriation of \$1,000 for the entertainment of the national convention of Car Builders was referred to Chairman R. L. Peters, as a committee of one, for investigation, and if, in his opinion, the amount should be appropriated, he was given the power to turn the money over to the entertainment committee.

The request for an appropriation of \$1,000 for the entertainment of the national convention of Car Builders was referred to Chairman R. L. Peters, as a committee of one, for investigation, and if, in his opinion, the amount should be appropriated, he was given the power to turn the money over to the entertainment committee.

INCREASE WATER SUPPLY

Davis Reports Plan for Correcting Deficiency Experienced at Fires.

The Administrative Board yesterday referred to the Council of Supervisors the recommendations of Superintendent E. E. Davis, of the Water Department, for enlargements of certain water mains in the city, designed to eliminate the scarcity of water at fires.

It is planned to enlarge the water mains in those sections where the Fire Department has experienced difficulty with the flow of water. For an increased flow on Broad Street, the superintendent recommends that a thirty-inch main be installed in Mulberry and Beverly Streets. On Marshall Street, from Rowe to Seventh Street, a twenty-four-inch main is recommended. The committee will meet on September 7.

CAPITAL & SURPLUS - - - - - \$1,600,000.00

SCHOOL BOARD ADOPTS RULES FOR CADET CORPS

Military Training Will Be Restricted to Three Periods a Week.

TO COUNT ONE-FOURTH UNIT
All Cadets at John Marshall High School Will Be Required to Wear Their Uniforms During School Hours.

By a unanimous vote the City School Board last night adopted the regulations recommended by the committee on teachers and schools for the government of the new cadet battalion to be organized at the John Marshall High School during the coming session. Everything is now in readiness for the introduction of the military feature at the school, and the clerk has been authorized to address a communication to the authorities of the Virginia Military Institute, requesting that E. P. Conquest, who will command the battalion, be secured a commission in the Virginia Militia.

The board adopted the following regulations as recommended by the committee for the government of the cadet corps:

"That all cadets shall wear their uniforms during school hours."

"That the military training be allowed three periods per week, and that at the end of each period the drill work as may be necessary and practicable."

"That one-fourth of a unit in marching per year be allowed on military instruction."

CADETS WILL WEAR

Y. M. I. DRESS UNIFORMS

"That the dress uniform and the service uniform of the Virginia Military Institute, including black shoes, be adopted for the high school cadets."

"That the board make application to the proper government authorities for arms, requesting that the newest model attainable be supplied."

The committee also reported that it had requested Mr. Conquest to secure such assistants for the drill work as may be necessary and practicable. It is understood, however, that no pay will be allowed for this service.

GET LEAVE OF ABSENCE

Spanish War Veterans in Post-Office May Attend Reunion.

Postmaster Hay T. Thornton received notice yesterday from Postmaster-General Burleson that all United States War veterans in the employ of the Post-Office Department or in the postal service may be granted leave of absence to attend the annual reunion of Spanish War veterans, which will be held in the city of Washington, D. C., from September 2 to September 10, 1915. The leave of absence will be granted for as many days as may be necessary to enable them to attend their national encampment at Scranton, Pa., to be held from August 30 to September 10, 1915. The leave of absence will be charged to their annual leave.

The Postmaster-General also ordered that Civil War veterans, desiring to attend the Grand Army encampment at Washington, D. C., from September 2 to October 2, shall be granted leave of absence, with pay. The veterans may leave September 25 and return October 3.

GIVE \$1,000 TO DOCTORS

Advertising Committee Assists Convention of Medical Society of Virginia.

The Council Committee on Advertising and Enterprises last night voted to appropriate \$1,000 to help defray the expenses of entertaining the Medical Society of Virginia, which meets in this city in State convention on October 26, 27 and 28. According to the delegation that appeared before the committee asking for the appropriation, between 1,200 and 1,500 physicians and guests are expected to attend the convention.

The request for an appropriation of \$1,000 for the entertainment of the national convention of Car Builders was referred to Chairman R. L. Peters, as a committee of one, for investigation, and if, in his opinion, the amount should be appropriated, he was given the power to turn the money over to the entertainment committee.

Collector Moncreux Returns.

Richard C. L. Moncreux, collector of internal revenue for the Eastern District of Virginia, who left the city Saturday to attend the sixth annual convention of the Internal Revenue Association, held at the Park Avenue Hotel, New York City, was back at his desk again yesterday. Mr. Moncreux was much gratified that Richmond won the fight for the next convention, winning over Chicago, St. Louis, Baltimore and Buffalo.

Alleged Illicit Distillers Jailed.

Patrick J. Wilkins, white, and Wash Pool, colored, indicted in Alexandria for running an illicit distillery, and arrested by Deputy Marshal Carter H. Harrison near Buffalo Springs, Mecklenburg County, Wednesday, were yesterday lodged in the Henrico County Jail, pending a hearing before the United States District Court at the October term.

The early purchaser will naturally fare best in this sale, representing, as it does, lots that are not complete.

Gans-Rady Company

SOUTHSIDE CLUB WORKING FOR LARGER MEMBERSHIP

Business Men of South Richmond and New Territory Are Invited to Join.

In order to increase and broaden the scope of the South Richmond Democratic Club, letters are being sent out by the secretary of the South Richmond Democratic Club, R. P. Shiffert, to all the business men and firms of the Southside, including those of the newly annexed territory, to become members of the club and attend the regular monthly meetings. The names of firms will be placed on the roster of the club at a nominal annual fee.

President Carter C. Jones hopes in this manner to increase the membership to 500 or 1,000, comprising a representative body for South Richmond, and one that will wield influence in securing civic improvements for that section. As soon as the attendance becomes large enough, meetings will be held in the new Bainbridge School, which is now nearing completion. Political rallies will also be held there to give candidates an opportunity to speak. The large auditorium of the school will be a feature.

NEGRO MISSION WORKERS TO MEET IN PITTSBURGH

Lott Carey Society Founded by Slave in Richmond Way Back in 1810.

The twentieth annual reunion of the Lott Carey Foreign Mission Society of the United States, an organization which had its beginning from a mission founded in Richmond by a negro slave, will be held next week in Pittsburgh. A number of prominent colored Baptists of this city will attend. Richmond has been the center for Baptist work among negroes since the founding of the nation. The old First Baptist Church at Fourteenth and Broad Streets was founded in 1759, negroes being admitted. In 1844, the church at Twelfth and Broad Streets, leaving the old building to the colored people, which they now occupy.

Lott Carey, a slave and a member of the church, organized in 1818 an "African Missionary Society," for the purpose of doing work in Africa in the name of the "First African Church of Liberia." Having succeeded in raising money here, he sailed for Monrovia, Liberia, in 1822, aided in planning a colony there, and established the First African Baptist Church of Liberia. As governor of the colony he accomplished great good, and his influence still lives. He was killed by an explosion of gunpowder in protecting his settlement from an attack by the natives.

The Society of Lott Carey is still at work in the old Baptist Church at Fourteenth and Broad. The larger organization, which had its beginning about twenty years ago, is carrying on the work successfully. About \$200,000 has been raised, which has been used in bringing the Gospel to the people of Liberia, the Congo and Transkei, South Africa. The missionaries and their wives have added more than 4,000 members to the organized churches. The schools have 5,000 native children on their rolls.

CHARTER CHANGE BODY TO RESUME BIG WORK

Committee Will Be Asked To-Night to Draft a Plan for Definite Reform Plan.

The Charter Change Committee of the Council will meet at 8 o'clock to-night to continue consideration of proposed reforms in the city charter. Chairman Carter C. Jones will ask the committee to decide upon some definite form of reform and begin promptly the work of framing a charter, by making such changes as are necessary with the plan selected as a basis.

The plan favored by Mr. Jones provides for the abolition of the Administrative Board, with enlarged power for the Mayor, who names the heads of the various city departments.

A movement is on foot to form a woman's auxiliary of the Civic Association, and the plan may be considered in the near future. A number of women, prominent in the civic life of Richmond, have expressed a willingness to co-operate with the association in securing reforms in the city charter, but the constitution of the law of the organization do not admit them to membership.

Wood's Seeds.

the best of soil-improving and forage crops for fall seeding. Puts land in splendid condition and increases productivity to a wonderful extent. Makes one of the best of winter cover crops, furnishes excellent grazing, the earliest green feed, or a good hay crop.
